## Integrated Payroll & HR

The Evolution® HR module provides your company with all of the tools needed to compete in today's competitive marketplace. Evolution® Payroll and HR share one common database, eliminating duplicate entry and the need for customized imports.

Evolution® HR makes use of our integrated report writer, creating an extremely powerful HR management tool and enabling HR professionals to comply with internal and external reporting requirements.

*“Extensive employee information at your fingertips makes Evolution® HR a valued management tool for your company!”*
