

Proximity Reader

JTA-1000SX Small Business 50 Employee PC Time Clock Package

The JTA-1000SX Small Business 50 Employee PC Time Clock Package was designed with the needs of small businesses in mind. Bundled with the sleek and compact proximity card reader is a simplified version of the popular Jupiter 9.0 Time & Attendance software for 50 employees (100 employee version optional), 25 badges, wall mount, 50-foot communication cable, 2 keys and a time clock operation manual.

- Internal proximity card reader
- IN/OUT board to show employee status
- Flexible Reports with export capability
- Approve/deny overtime on screen
- Swipe & Go or IN/OUT modes
- Flexible pay policies, scheduling and rounding
- 15 possible pay codes
- Up to 10 definable shifts
- Double punch prevention
- Battery back-up for date and time

CAPTURE

Employees simply wave their badges in front of the terminal to punch IN or OUT, even when the badge is in the employee's wallet or purse. With the proximity reader, no direct contact is required and there are no moving parts, making the terminal virtually maintenance free. Two software programmable function keys allow for department or job transfers, entry of tips, or the viewing of an employee's last punch.

The JTA-1000SX features public and private messaging that allow management to send messages via the clock to all, or to selected employees. Optional features include lockout times when employees are prevented from punching IN or OUT, bell ringing, and opening of doors.

SPECIAL FEATURES

- Optional lockout feature for preventing early punch-in and late punch-out (prevents unauthorized overtime) ? internal schedule holds 2 week lockout profile for each employee
- Multiple users with password protection and window based security
- 256K Flash memory (upgradeable to 512K) keeps data for years
- Retains last 4500 punches (6000 punches with 512K memory)
- Built-in daylight savings time
- Two programmable function keys that can be set for
 - Department transfers
 - Job changes
 - Opening doors
 - Viewing previous punch
 - Entering tips
- Compatible with Windows 98/2000/XP and Novell network environments
